**BELLE HUGHES UNDER ARREST**

Woman Who Served One Day in Jail Caught on Marshall Street.

Belle Hughes, a woman whom the police have been endeavoring to drive out of the city for a long while, was captured in a raid last night about 10:30 o'clock on a house at 700 East Marshall Street. She has repeatedly appeared in the Police Court, and not long ago, when convicted, heavily fined and sentenced to spend one day in jail, agreed to leave the city.

She has lived in various sections of the city and has caused the police a good deal of trouble, according to their story. Orders were forth yesterday from police headquarters to take her in custody, as it has been known for a month that she had returned to Richmond.

Headed by Detective-Sergeant Wiley, Detective-Sergeants Kellam, Krengle and Atkinson last night descended upon her dwelling. They met with no resistance, and speedily searched the place. John W. Dance was the only man arrested, while in another room was found a young woman who gave her name as Helen Simms, who was also taken in custody and sent to the First Police Station with the Hughes woman. Dance was released on bail, while the women were unable to secure bondsmen.

Sergeant Wiley was particularly elated with the result of the raid. He declared that the woman who is known as Mrs. Hughes and has two young sons, has given the police no end of trouble. The trio will be arraigned this morning in the Police Court.

Arrested in Lawrenceville, Mary Edmore, colored, charged with deserting her two-week-old baby, was arrested yesterday by the authorities of Lawrenceville, Va., at the request of the Richmond police. Detective-Sergeant Krengle will leave this morning to bring the woman here.

**FIVE MILLION NOW BEING EXPENDED**

Building Operations Reach Astounding Figure, With No Evidence of Boom.

**DECK GETS NEW FIGURES**

Deputies Check Over Work Under Way and Total Staggers Them.

Reports submitted to Building Inspector Beck yesterday show that there are in course of erection in Richmond at this time 312 new buildings of all kinds, the total cost of which will be \$6,002,588. There are in course of alteration or repair 133 buildings, the cost of the repairs authorized being \$232,751. This makes a grand total of 445 building enterprises going on in the city limits at this time, the aggregate cost of which will be \$6,235,339. The reports do not take in the large building operations in the suburbs.

Heretofore, the monthly and annual reports of the Building Inspector's office have related merely to the permits authorized. Within the past few weeks the inspectors and deputies of the office have been checking over all recent permits, making a complete list of all work now authorized, and not yet completed.

The list shows that twenty-one new buildings, authorized in 1910, the aggregate cost of which will be \$1,081,550, have not yet been completed. The new government post-office building, for which the permit was issued in April, 1910, is the largest of these. The permit having been placed at \$175,000. Warehouses and factories on which work was begun late in 1910 have not been completed, to the value of \$145,000. On eight brick dwellings begun last year, the cost of which will be \$400,000, the reports show uncompleted work.

**Much Work Under Way.**  
The report shows that there are now in course of erection 94 brick dwellings, the cost of which will be \$424,723, and 56 frame dwellings, the cost of which will be \$111,248. There are 7 brick barns now going up, the cost of which will be \$2,237, and 54 brick stores, the cost of which will be \$589,065. Seven brick churches are being constructed at this time, to cost \$481,827, while the total cost of the six office buildings now being erected will be \$1,080,000, the new city hall, the Ohio-First National Bank building heading the list. Richmond just at this time is spending \$40,000 in freight depots, \$75,000 in hospitals, \$325,000 in hotels and \$90,000 for a newspaper office. In the list of repairs the most important item is the rebuilding of the home of the National State and City Bank, at a cost of \$14,595, while additions and alterations are being made to churches to cost \$30,000, and to brick stores to cost \$44,858.

As the monthly report of the Building Inspector for September, published in this paper on October 1, showed that an aggregate of permits had been issued during the first nine months of this year of \$5,066,266, it would seem that many buildings must have done rapid work and completed many structures in the first nine months of the year, as of the work authorized this year, there is still in course of erection buildings only to the value of \$3,918,328, the balance having been brought over in buildings authorized last year and still uncompleted.

**Firemen Promoted.**  
At a meeting of the Board of Fire Commissioners last night C. E. Wright was appointed a substitute in Engine Company No. 13 on probation. Joseph Roberts having served his probation was placed on the eligible list as a substitute. O. W. Warner, substitute, tendered his resignation, which was accepted.

The following transfers were ordered: J. P. Valentine from Company No. 4 to Company No. 5; J. L. Buck from Engine Company No. 13 to Company No. 4; O. A. Freburger from Company No. 4 to Company No. 5. A letter was received from the Richmond and Henric Railway Company announcing that hereafter firemen in full uniform would be allowed while on duty to ride free on all cars. A letter of thanks was ordered sent to the company.

**Take Charge of Youth.**  
On a writ of habeas corpus, he was neglected and exposed to immoral influences Percy Jackson, sixteen years old, was arrested yesterday and taken to the Second Police Station.

Chris Brown, colored, ten years old, was arrested on a charge of stealing a bicycle, which was owned by his possession. His companion, Willie Robinson, also ten years old, was held as a vagrant.

**MIDWAY SPACE ALL TAKEN NOW**

Many Attractions Secured for State Fair, Including Free Shows.

Fred Lewis, chief of concessions at the State Fair, said last night that all the space in the Midway had been taken, and that the shows would be of a very high class, so far as Midway shows go.

"There will be nothing objectionable," said Mr. Lewis. "The list shows that we have a number of freaks, as well as fine amusements, and all of them will be of a refined class."

Here is the list of most of them: Ferris's Animal Arena, with some of the world-famed animal trainers and their animals, such as the den of lions, leopards, pumas, seals, tigers, panthers, bears and snakes; Victoria, the European giantess; the educated horse, Mazeppa; a large collection of marine curios; "Happy Jack," the fat man; two Old Plantations, with typical scenes; a "den" of trained flies, four moving picture shows, California Frank's Wild West, next largest show of the kind to Buffalo Bill's; Scenes from the Orient, besides the numerous attractions presented by the Virginia Amusement Company, in the White Wonder Town, including "The Singing of the Maine," "The Coal Mine," "The Palace of Illusions," "Love's Voyage Through the Mystic Dell," and the circle swing.

The free shows to be presented on the big stage near the race-track will embrace the Teosoping Arabs, the Flying Dutchmen, the Aeroplanes, Ladies, Mills, Omega, and a dozen others.

**STOVE HANDLING CAUSED BIG LOSS**

Southern Railway Files Exhibits Before Corporation Commission.

**TWINS WERE MIXED UP**

Negro Serves for Another's Crime, Says Mother—Alfalfa Production.

Exhibits have been filed by the Southern Railway with the State Corporation Commission in connection with its petition to require cast iron stoves to be crated when shipped in less than carload lots, which is being vigorously contested by stove dealers. The exhibits cover records accumulated during three months as to the breakage of stoves crated and uncrated and as to the losses paid.

In Virginia intrastate shipments, the breakage of crated stoves was 5.8 per cent, and of uncrated 7.3 per cent. The percentage of total revenues from stove shipments paid out in claims for breakage was 26 per cent on crated stoves and 51 per cent on uncrated.

On all other shipments handled by the Southern, the crated stoves broke at the rate of 4.3 per cent, and the uncrated at 21 per cent. In claims there was paid out 16 per cent of the revenue on crated and 69 per cent on uncrated stoves.

The company handled 7,615 stoves during the three months.

**INCREASE IN ALFALFA**

Good Exhibits of Product Made in Powhatan and Smyth.

The growth of the alfalfa industry in this State is significant, according to Commissioner Koiner, of the Department of Agriculture. He was much impressed at the Powhatan County Fair this week with the display of alfalfa, composed of samples of five cuttings made from one piece of ground this year. Each averaged two feet in height, and the exhibit with one piled on the other, made a stalk of alfalfa ten feet in height. It is estimated that 3,000 acres are now under cultivation in Virginia in alfalfa. Practically all of this has been planted within the past six or eight years.

In Smyth county a fair, Mr. Koiner found last week that the product had been grown successfully, although it has been supposed that high altitudes were not adapted for its cultivation.

Considering the drought, the fine corn shown in Powhatan is regarded as extraordinary.

**Gettysburg Commission Called.**

One Roanoke and Two Richmond Dailies Helped by Campaign.

According to statements filed yesterday, Representative William A. Jones spent \$9,495.03 in the effort to secure his nomination for the United States Senate, while Senator Claude A. Swanson expended \$12,958.54. The latter sum is the largest given in by a candidate in the late contest, while Mr. Jones parted with about \$100 more than did Mr. Glass.

The statement of Mr. Jones is not itemized to any extent. It is as follows: Primary fee, \$3,000; contributions to the Virginia Democratic League, \$2,517.03; hire of halls, \$45; extra copies of newspapers, \$48; traveling expenses, \$723.50; stamps and stationery, \$125; telegraph and telephone charges, \$48.50; total, \$9,495.03.

A copy was sent to State Chairman J. Taylor Elyson.

Mr. Glass, in his statement, previously published, gave his contribution to the Virginia Democratic League as \$5,237.58.

**Papers Benefited.**

Newspapers of Virginia secured a good slice of the money expended by Senator Swanson. This went for advertising space and the purchase of extra copies. The Richmond Evening Journal was the biggest beneficiary, securing \$527.65 for 24,500 extra copies containing Senator Swanson's Lawrenceville speech. Next comes the Roanoke Times, which gathered in \$148.02 for papers and \$112 in subscriptions. Third was the Richmond Virginian, which got \$138.40. Various other newspapers had small amounts ranging from \$10 to \$50, while The Times-Dispatch and the News Leader bring up the rear, the former getting \$2 of the junior Senator's money and the latter receiving \$140. Newspapers which profited were the Portsmouth Star, the Marion Democrat, the Henry Bulletin, the Alexandria Gazette, the Fredericksburg Free Lance, the Grayson Gazette, the Buena Vista Times, the Suffolk Herald and the Lawrenceville Times.

**Had Heavy Expenses.**

Senator Swanson spent \$3,100 for postage. His primary fee was \$3,000, and he aided the Russell county Democratic primary expenses in the sum of \$37.50. To George B. Russell, of Charlotte, went \$118.70 for legitimate expenses, and \$218.26 went to John B. Easley, of Lynchburg, for the same purpose, as did \$50 to J. E. Burwell, of Floyd, and \$115 to J. F. Hurt.

Other expenses accounted for are as follows: W. D. Stankley, for the Senate from Norfolk city, defeated, \$310.50, of which \$233 was entrance fee; W. Stanley Burt, for House from Surry and Prince George, nominated, \$73.30; John N. Tabb, for House from Gloucester, nominated, \$12; Robert Gilliam, Jr., for House from Petersburg, nominated without opposition, \$15; Julian T. Christian, for House from Mathews and Middlesex, nominated, \$95.50; Francis W. Smith, for House from King and Queen and Essex, defeated, \$23.77; C. Hardin Walker, for Senate from Tenth-fourth District, nominated without opposition, \$30.60; J. Ralph Grigsby, for House from Clarke and Warren, defeated, \$124; Aubrey E. Strode, for Senate from Amherst-Nelson district, defeated, \$152.66.

**TATE WELL-KNOWN FIGURE**

Candidate for House from Pulaski Was in State Senate.

In political circles there is a good deal of interest over the unexpected nomination of Captain Thomas L. Tate for the House of Delegates by the Democrats of Pulaski county. Captain Tate is well known here. He served a term in the State Senate from 1874 to 1880. He is a veteran of the War Between the States, having commanded a company of Southwestern soldiers. He is now a member of the board of visitors of the Virginia Military Institute, where he was student prior to the war.

Captain Tate's nomination was the result of an effort for harmony in the convention, before which he was not a candidate. The directors of the party divided on the question of eliminating the poll tax provision from the Constitution. The Republicans will nominate to-morrow, but the county is now regarded as safely Democratic.
